PROFESSIONAL SUMMARY

CMA (USA)-certified Finance Professional with 4.5 years of progressive experience in Financial Planning & Analysis (FP&A), business finance, accounting, and management accounting. Demonstrated expertise in revenue forecasting, pipeline revenue analysis, sales analysis, budgeting, cost optimization, margin improvement, and P&L management. Hands-on accounting experience spanning general ledger, account reconciliation, month-end close, and statutory audit support. Proven ability to deliver data-driven decision support through variance analysis, KPI reporting, MIS reporting, and executive dashboard development. Skilled in finance business partnering and stakeholder management, translating complex financial data into actionable insights that drive revenue growth, cost control, and performance improvement. Proficient in SAP S/4HANA and Advanced Excel, building HTML dashboards, and using SQL, Python, and VBA/Macros with AI tools, with a strong track record of process automation and reporting standardization across FP&A functions. Knowledge in UAE VAT and Corporate Tax frameworks.

UAE VAT & Corporate Tax • Power BI • SQL • SAP S/4HANA • SAP FICO • Advanced Excel

PROFESSIONAL EXPERIENCE

UST (UST Global) | Global Technology & IT Services MNC

Business Finance Associate II – FP&A | *April 2025 – September 2026*

- Prepared and analyzed the Operational P&L every month, supporting profitability analysis, margin analysis, cost optimization, and margin improvement initiatives at cluster level.
- Conducted pipeline revenue analysis and sales analysis to track deal progression, identify revenue gaps, and provide forward-looking insights to business finance partners and senior stakeholders.
- Executed weekly revenue forecasting and Forecast vs. Annual Operating Plan (AOP) variance analysis, identifying deviations and providing actionable insights to finance business partners.
- Conducted weekly rolling forecasts aligned to long-range planning (LRP) cycles, improving forecast accuracy and supporting strategic finance planning processes.
- Delivered monthly and quarterly management reporting dashboards and financial reports to senior leadership, enabling data-driven strategic decision-making across business units.
- Analyzed KPIs and business performance metrics, translating financial data into executive-ready performance analysis presentations for C-suite and senior management.
- Supported cost optimization initiatives by contributing to the Cost Control and Cost Reduction Plan, identifying savings opportunities through in-depth cost analysis and variance reporting.
- Facilitated Cluster Reviews by coordinating cross-functional collaboration between finance, operations, and business unit stakeholders through effective finance business partnering and stakeholder management.
- Drove process improvement and automation of financial reporting workflows, reducing manual effort and enhancing reporting efficiency through standardization and advanced Excel models.

Sowparnika Associates | Accounting & Tax Consultancy Firm

Accounts Assistant | *April 2022 – April 2025*

- Managed GST compliance and tax planning for a multi-client portfolio, ensuring full regulatory adherence, timely return filing, and zero non-compliance incidents throughout tenure.
- Prepared budgeted financial statements and conducted financial statement analysis, delivering management accounting insights to support client business decisions.
- Maintained books of accounts for multiple clients, ensuring accuracy of general ledger entries, account reconciliation, and month-end close processes.
- Supported senior auditors in financial analysis, statutory audit preparation, internal controls review, risk assessment, and audit documentation across multiple engagements.

- Trained and mentored new team members on accounting procedures, GST compliance requirements, and bookkeeping best practices, improving team productivity and accuracy.

KEY ACHIEVEMENTS

- Enhanced financial reporting accuracy by standardizing monthly and quarterly reporting templates, significantly reducing data discrepancies and manual errors across FP&A deliverables.
- Automated Excel-based FP&A reporting using VBA/Macros and AI tools, reducing a 3-day reporting process to 1 day and enhancing analytical efficiency across the team.
- Contributed to the automation of financial statements and management dashboards, supporting finance transformation and enabling near-real-time performance reporting for leadership.
- Maintained a zero-penalty GST and tax compliance record for a multi-client portfolio at Sowparnika Associates across a 3-year tenure, demonstrating precision in regulatory compliance management.
